BALL VALVES

BULLETIN 126
(10/09)

BALL VALVES

1/4" Through 2"

Teflon Sealed

Bronze or Stainless Steel

Standard or Full Port Styles

We offer ball valves for various uses such as manual drains, controls and line shut-off. These valves are all teflon sealed and are compatible with all fuels. We offer standard port size and full port size valves. Standard port valves have a port in the ball which is 65% as large as the pipe size. For example, a 1" standard port ball valve has a port size of about 5/8". Full port valves cost more, but allow full flow.

Pressure Rating:

Bronze - 600psi

Stainless - 1/2" to 1" 2000psi 1 1/4" to 2" 1500 psi

SIZE	STANDARD PORT BRONZE	FULL PORT BRONZE	STANDARD PORT STAINLESS	FULL PORT STAINLESS
1/2"	VBB-8	VBB-8-FP	VBS-8	VBS-8-FP
3/4"	VBB-12	VBB-12-FP	VBS-12	VBS-12-FP
1"	VBB-16	VBB-16-FP	VBS-16	VBS-16-FP
1-1/4"	VBB-20	VBB-20-FP	VBS-20	VBS-20-FP
1-1/2"	VBB-24	VBB-24-FP	VBS-24	VBS-24-FP
2"	VBB-32	VBB-32-FP	VBS-32	VBS-32-FP

ALSO AVAILABLE AUTO CLOSE SPRING LOADED VALVE

For added safety you may wish to have a valve which will close if it is not held in the open position. We offer this special feature to all standard port ball valves. Simply add -A to the part number.
